Best Practices:

Unmanned Aircraft for Emergency Responders

FST3055: UAVs [Drones] For Emergency Responders

2-Day Residency: October 1 & 2, 2018 (1 credit hour, \$459)

(at UAV Flight Lab, Victory Parkway)

This course is design to educate about unmanned aerial systems and how they can benefit emergency services. It will focus on operating drones in a safe, reliable and accountable manner. Students will learn the laws, policies, and privacy concerns regarding the use of this technology by emergency management agencies, including how emergency management personnel can seek FAA authorization to fly these drones in emergency situations.

Guest Speakers:

Lt. Steve Schueler

Blue Ash Police Department

James "Doug" Daniels

Ohio Peace Officer Training Academy
